Ratio of the average CPU time for I/O-bound processes to the average CPU time for the CPU-bound processes

- RR (I/O-bound / CPU-bound) average CPU time
- RR (I/O-bound / CPU-bound) average wait time
- FRR (I/O-bound / CPU-bound) average CPU time
- FRR (I/O-bound / CPU-bound) average wait time
- (FRR / RR) (I/O-bound / CPU-bound) average wait time
- (FRR / RR) (I/O-bound / CPU-bound) average CPU time
